Dear Sirs,

H A marks is happy and delighted to endorse Crowe Decorating Ltd as our principle Painting contractor for Notre Dame University's London campus in Waterloo, central London.

H A marks is refurbishing the student accommodation lodgings and communal areas in phased occupation. The clients brief is to still be able to accommodate students whilst the work is undertaking so the construction programme is scheduled to cause minimal interference with students in occupation. The painting work is therefore undertaken both day and night and over weekends. There are also periods when students are on holidays that more work areas become available so works are scheduled around the clock over a short time period.

Crowe decorating Ltd has proved a very popular member of the supply chain and his work is off high quality whilst maintaining flexibility and ability to adapt to a demanding and varying programme.

We would have no hesitation recommending Crowe Decorating Ltd for works and we will continue our association with the company going forward.

Yours Faithfully

PP. *P. Farwood*

Tim Crowe
Director
HA Marks Limited
